JpGU Time Slot Allocation Formula

Assigned Time Slots = (S + 3) / 2 / 6   *S is the total number of presentations (oral and poster) held in the latest JpGU meeting.

Time slots are assigned to each session based on this JpGU original Formula.
*This formula may be changed depending on the numbers of the accepted sessions.

In newly proposed session, conveners are to select the number of time slots; up to two.

<Ready Reckoner>

The total number of presentations	Assigned Time Slots
0 - 8	0
9 - 14	1
15 - 26	2
27 - 38	3
39 - 50	4
51 - 62	5
63 - 74	6
75 - 86	7
