# Possibility of moving to a fully online format

---

As the outlook for the new coronavirus infection situation is still uncertain, we may be forced to make a difficult decision whether or not to move to a fully online session. In such circumstance, we will make a comprehensive judgment respecting decisions by the national and local authorities including the declaration of a state of emergency and other factors.

In the event we move fully online, onsite poster sessions will not be held. However, **all other oral sessions and online poster sessions will be held online with the same schedule and program.**

If the decision is made to hold the meeting fully online **before the start of registration, March 7,** the meeting registration fee will be revised and announced based on the cancellation of the local venue. **If the decision is made to hold the meeting fully online after the start of registration, the registration fee will remain the same as it was at the beginning,** taking into account the preparations and the meeting system implementation. Please note that no refunds will be made.

# Oral presentation: Same as 2022

---

Oral sessions will be held in 18 rooms (channels) simultaneously according to the schedule, in AM1, AM2, PM1, PM2 for each day.

In principle, live presentations will be made on site or online via Zoom. Live playback of prerecorded videos is also possible.

Each session will be assigned a room at the site.

The presenter and chairperson can be selected either onsite or online (free choice), but chairpersons are recommended to be onsite to facilitate the session operation.

No standing is allowed in the room. If the rooms are full (we are setting the capacity limit to **80** % of normal limit for safety), we will set up a separate viewing space where you can access the network via WiFi, etc., to view the oral sessions.

To enter the room from online, click on the Zoom link of Confit Login -> Timetable -> Session.

# Poster Flash Talks within Oral Sessions

## (NEW!)

---

In principle, 15 minutes of the 90 minutes of each oral session slot will be reserved for flash talk time for poster presentations. →The number of oral presentations will be reduced from 6/slot to 5/slot.

The order of presentation and time limits for each flash talk will be determined by the chairperson or convener of each session.

Flash talks are not a prerequisite for poster presentations to be approved, but are encouraged unless there are unavoidable circumstances.

For sessions without oral presentations, flash talks will be conducted by the conveners in the online poster sessions.

# Poster presentation

---

All poster presentations are **required to upload poster materials online (Confit)**.

- The poster materials should be "e-poster" or "on-demand video", and if it is unavoidable, please upload "additional presentation materials". It is acceptable to use the same materials as those displayed at the on-site presentation (A0 poster images and slide images can be displayed).
- The materials can be replaced during the presentation period.
- You can view the poster online and ask questions using the comment function throughout the presentation period.

As a rule, poster presenters are **strongly recommended to give a flash talk** during the designated time in the oral session.

- **Fifteen minutes per session slot (90 minutes) will be allotted for Flash Talks.** The time allotted for each flash talk will be adjusted for each session.
- Although it is not a requirement for a poster presentation to be approved, **please give a flash talk unless there are unavoidable circumstances.**
- If there is no oral presentation in the session, the convenor will lead a flash talk in the online poster session.

You can optionally make a presentation at the site or at the online poster session.
